

HALAL POLICY

We shall ensure that:

- Only approved halal raw materials, ingredients, and suppliers are used.
- Halal integrity is maintained throughout receiving, storage, processing, packaging, and distribution.
- Cross-contamination with non-halal materials is prevented through effective controls and procedures.
- A Halal Assurance System (HAS) is established, implemented, and maintained.
- Adequate resources, training, and authority are provided to the Internal Halal Committee (IHC) and relevant personnel.
- The effectiveness of halal controls is reviewed and continuously improved.
- This Halal Policy is communicated to all employees and made available to relevant stakeholders.
